

Backpack Drive

HomeAid is asking companies to collect brand **new full size** backpacks for children from local homeless shelters who would otherwise not have one for the upcoming school year!

Backpacks with designs are always a huge hit with the younger kids and larger backpacks are needed for High Schoolers.

Follow these simple steps to give hundreds of kids a better start to the school year!

- 1** Contact HomeAid to let us know that you'd like to participate in a backpack drive through your office, church, community association or other group.
- 2** Share/Print our Backpack Drive flyer to help spark interest in participation at your organization.
- 3** Drop off your collected backpacks (or schedule a pick-up!) during the first week of July 2019.

Our plan for the backpacks...

HomeAid will distribute the backpacks at the July 20th Potomac Nationals game, during our Night at the Ballpark event. This event is held annually for our Homeless Shelter Partners to give their homeless clients an opportunity to enjoy America's favorite summer past-time, Baseball, for free!!
